Estate *Collection*

Estate masterpieces are created using the heaviest, best quality 3/8" or 1/2" thick glass and feature finely polished edges that provide a seamless design giving the feel of fine crystal. These elegant frameless doors are manufactured with the finest craftsmanship. Agalite uses the highest quality solid brass hardware that comes in a wide variety of finishes. What does this all mean to you? It is our assurance that your bath will be the ultimate expression of elegance, style and quality.

Accent Collection

The Accent Collection offers you a frameless door featuring unusually heavy 1/4" glass and sturdy aluminum. The aluminum receives an additional buffing, resulting in a premier luster and finish. The Accent door incorporates several design features that ensure an attractive, easy to clean, watertight enclosure. Using the strongest method of fastening, the hardware is securely attached through holes in the glass, resulting in years of trouble-free operation. The Accent shower door is by far Agalite's most popular collection and the leading choice for the discerning buyer. If you are looking for exceptionally high quality and design built to last a lifetime, then the Accent door is your first choice.

Accent *Collection* Allure Option

When you want the quality of the frameless Accent door but with a different flair, the Allure option is the perfect solution. The solid, European styled handles give a uniquely elegant look to the enclosure, which will make your bath distinctive and functional. The hinged door features a full length, magnetic closure system that ensures water tightness with a low profile look and feel. With options to match almost any decoration theme, the unique appearance and quality of the Allure door will create the perfect atmosphere for your bath.

The Euro Collection, with Step-up, Clear Glass and Gold Finish

To create a look featuring smooth, curved lines, Agalite introduced the Euro Collection. The Euro starts with the proven success and attributes of the Accent door, and adds gentle styling. This unique design has rounded edges to appeal to those selective buyers who prefer the softer look. The Euro features heavyweight glass with hardware securely fastened through holes in the glass ensuring years of trouble-free operation. As with any Agalite door, the Euro is available in a myriad of colors and finishes which are certain to enhance your unique bath design.

The Fresco Collection, with Step-up, Flemish Glass and Chrome Frame

Fresco *Collection*

If you like the distinct look and feel of a metal frame to accentuate your bath fixtures, then the Fresco Collection is an excellent choice. This fully framed collection displays the beauty of glass, trimmed in your choice of finish. Many colors and finishes for the frame, as well as numerous choices of glass, offer a perfect fit in your bath, no matter which accessories you choose.

ClearShield

Agalite has a solution to water spots, hard water stains and residue from soap and shampoo. ClearShield is the answer to a cleaner, more attractive appearance with much less effort and cleaning frequency. Factory applied and fused to the surface of the glass, ClearShield protects against permanent staining and makes the glass very easy to clean. This non-stick protection works around the clock to keep your enclosure looking beautiful for years.
